PROFILE

Computer Engineering undergraduate at Kathmandu University with hands-on experience across full-stack web development, and interface design. Comfortable building end-to-end products: web applications, natural language processing, real-time 3D visualization, and UI/UX design, reflecting both technical range and a consistent drive to turn ideas into working products. Seeking an internship opportunities in a frontend engineering, where I can keep learning quickly and contribute from day one.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C++, C#

Frontend: React.js, Next.js, Tailwind CSS, HTML5, CSS3

Backend & Data: Node.js, Express.js, FastAPI, PostgreSQL, MongoDB, MySQL, SQLAlchemy

Tools & Platforms: Git, GitHub, Docker, Figma, Unity Engine, Three.js

PROJECTS

KaamLink: Job Portal Web App / *JavaScript, Node.js, CSS*

- Developed a full-stack job portal with separate backend and frontend modules for posting, browsing, and applying to jobs.

Water Cycle Simulator / *React, Three.js*

- Created an interactive 3D educational simulator visualizing evaporation, condensation, precipitation, and collection with custom particle systems and multi-camera controls.

Medical Vision Assistant / *Next.js, TypeScript, FastAPI, PostgreSQL, PyTorch, Docker*

- Designed and built an end-to-end AI platform for chest X-ray analysis, combining disease classification, Grad-CAM explainability, automated report generation, and a patient-history dashboard.
- Trained and integrated DenseNet121 and Vision Transformer (ViT) models for classification; containerized the full stack with Docker Compose for easy deployment.

SaralDoc: Nepali Legal Document Analyzer / *React, FastAPI, Python, spaCy/NLP, PostgreSQL*

- Built a full-stack tool that extracts clauses, obligations, and named entities (dates, amounts, parties) from Nepali and English legal documents.
- Implemented PDF/DOCX/TXT ingestion, a document-complexity score, and automatic summarization to make dense legal text easier to read.

Multimodal AI Assistant / *Next.js, TypeScript, Tailwind CSS, Gemini API*

- Built a multimodal AI chatbot supporting image uploads, Markdown rendering, and user authentication behind a clean, responsive interface.

EDUCATION

Bachelor of Computer Engineering 2022 – 2027

Kathmandu University

Higher Secondary Education 2020 – 2022

St. Xavier's College, GPA: 3.68

LANGUAGES & STRENGTHS

Languages: English, Nepali, Hindi

Strengths: Critical thinking, adaptability, team collaboration, strategic planning and creativity
